RE: Recording of Case Planning Conferences

Dear Representative Huy,

Please find enclosed a copy of a memo distributed to all SRS Social Service Chiefs on March 17, 2004. It is part of the ongoing follow up to our discussions in February regarding your constituent's experience. It is our intent that we continue to become ever more family friendly and believe that supporting parents in documenting interactions in anyway that might serve to increase comfort level of the parent is appropriate.

Our area office chiefs, the administrative staff of all contract agencies and most line staff support this position. Conflict around this particular issue should not arise. If it does, I hope the individual will contact the worker's supervisor. It is my expectation this issue will be laid to rest, but please don't hesitate to contact me should you have additional concerns.

Sincerely,  

Roberta Sue McKenna,  
Assistant Director for Child Welfare
